Database Corruption Video - HA DR Chapter

The following Database Corruption Video is from the High Availability Disaster Recovery Virtual Chapter Presentation on September 13, 2016.

Today I had the opportunity to present at the High Availability Disaster Recovery Virtual Chapter meeting on the topic of Database Corruption. Here is a recording of the presentation.

Database Corruption Video

If you liked this presentation, please come to my session on Database Corruption at PASS Summit 2016 in Seattle.

You can download todays presentation and the sample code here:
hadr_chapter_presentation_2016.zip This includes the corrupt databases files as well as the sql scripts to fix them and the presentation material from todays session.
