Rockin’ the Code World – January 8th – Live!

I am happy to announce that on January 8th, I have the privilege of a being a guest on the Rockin’ the Code World show with DotNetDave. Please join the show on January 8th at 10:00am pacific time.

I first met David at SQL Saturday in Las Vegas in 2015, and certainly enjoy his show. He's been the host of this show for a while and I'm eager to be his guest Jan 8th.

We will be discussing Database Health Monitor, and some of the recent changes in the last update.

SCHEDULE

- Introduction
- The Interview: Steve and I will be discussing:
    - SQL Server Performance Tuning and Monitoring
    - His app (which I have used a lot) called the Database Health Monitor
    - If there is time we will also discuss why developers want everything for free and being a seasoned developer.
- Special Prize Give-A-Way!

Here is a link to the show.
