Exclusive SQL Performance Tuning Training

I have used my over 30 years of SQL Server experience to personally curate my favorite performance tuning tips and tricks into this training. I am excited to contribute and share with the SQL Server community some of my favorite solutions.

Become part of this exclusive group of subscribers learning to put the horse power back into their SQL Server.

What You Get:

- Free weekly emails with tips and tricks to help get more out of your SQL Server.
- Exclusive content.

Each week I will send out a short training tip on how to make your SQL queries run faster. Put the horsepower back into your SQL Server with my performance training!
