Common Waits Reported by Daily Monitoring This Month

Each month we report on the most common waits that we see reported by our daily monitoring customers. All the data is sanitized, so there is no private client information to expose here. For this month, here are the details.

var xValues = ["PREEMPTIVE_OS_PIPEOPS","MEMORY_ALLOCATION_EXT","ASYNC_NETWORK_IO","CXPACKET","OLEDB","SP_SERVER_DIAGNOSTICS_SLEEP","XE_LIVE_TARGET_TVF","LCK_M_SCH_S","CXCONSUMER","LCK_M_X",];var yValues = [54,18,16,5,2,1,0,0,0,0,];var barColors = ["#991f17","#b04238","#c86558","#df8879","#a4a2a8","#b3bfd1","#bfcbdb","#cbd6e4","#d7e1ee"];new Chart("myChart", { type: "horizontalBar", data: { labels: xValues, datasets: [{ backgroundColor: barColors, data: yValues }]}, options: { legend: {display: false}, title: { display: true, text: "Percentage of SQL Wait Types" }, scales: { xAxes: [{ticks: {min: 0, max:60}}] } }});

- PREEMPTIVE_OS_PIPEOPS
- MEMORY_ALLOCATION_EXT
- ASYNC_NETWORK_IO
- CXPACKET
- OLEDB
- SP_SERVER_DIAGNOSTICS_SLEEP
- XE_LIVE_TARGET_TVF
- LCK_M_SCH_S
- CXCONSUMER
- LCK_M_X

Our daily monitoring product scans your SQL Server hourly and send you email alerts on the status of the server.
