The countdown begins to November savings at Stedman SQL School

Just 6 days from now our November promotion at Stedman SQL School begins. For the entire month of November, we will be offering some of the biggest discounts on our SQL courses ever. My goal is to offer prices so low that we get more people learning SQL skills via our SQL School.

Some of the deals that we will be offering in November will be the following:

- 40% of SQL Join Types course
- TSQL Output Clause class for $2
- 40% off Learning Common Table Expressions in SQL Server
- Aggregating your data in SQL Server for $3
- 60% off Track Blocking Queries with Email Alerts
- 50% off Getting started with SQL Server
- 30% off Bundle Database Health Monitor + Blocking Query Monitor. 30% off annual subscription going forward.
- 60% off SQL Server Backup and Restore
- 25% Off Track Blocking Queries with Coaching
- 50% off Track Blocking Queries with Email Alerts
- 50% off TSQL JOIN Types class
- And much more
