30% off Bundle Database Health Monitor + Blocking Query Monitor

This is perhaps the lowest price that we ever sell this course for, which includes the following.

- Database Health Monitor training.
- Database Health Monitor licensing for up to 20 SQL Servers for 1 year.
- The blocking query monitor with email notification for 1 year license.

If you are using Database Health Monitor and you are tired of the limitations of the free version and want to use the full product, then this is the deal for you. Just $83.96 per year marked down from $119.95 per year. That puts the licensing part of the deal alone at just over $4.00 per SQL Server per year. This is likely the lowest price that you will ever see for Database Health Monitor.

This includes 30% off annual subscription going forward.

Here is the direct link to the class using the coupon code, valid through November 25th.
