Complete Access to all our Online SQL Server Courses

If you are one of our Managed Service clients, you have 100% free access to all current **and future** online courses. And yes, new classes are consistently being added!

Here is a current list of all online courses available now:

Getting started with SQL Server

Microsoft TSQL JOIN Types

SQL Server Backup and Restore

Using Database Health Monitor

Ransomware Awareness

Track Blocking Queries – with Email Alerts

Learning Common Table Expression in SQL Server

Aggregating Data in your SQL Server Queries

Using TSQL Output Clause

Sign up for our Managed Services this January and get your first 12 months of our Managed Services for the price of 10!

This comprehensive service won’t disappoint.
